

Webinar: Complexities of Spread Theory Cases

Location

Webinar

Date & Time

Start Date: 10/25/2018

Start Time: 11:30 a.m. - 12:30 p.m. ET

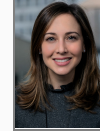

Virginia Markovich and Kristy Miller, of Cozen O'Connor's [Subrogation and Recovery](#) department, will present a webinar titled, Complexities of Spread Theory Cases. This webinar will examine the many issues involved in proving a spread theory claim. In order to prove liability related to a spread theory claim. In order to prove liability related to a spread theory claim, experts must be able to testify as to what failed that allowed the fire/water to spread, and be able to testify regarding the quantity of damage that only occurred due to that failure. The presenters will discuss potential avenues to ensure the experts are able to evaluate these claims properly.

The presenters will discuss:

- Initial Investigation of a Loss & Identification of a Possible Spread Theory Case
- Experts
- Preserving Evidence
- The Use of Public Officials & Government Reports
- Damages
- Case Scenarios
