

Boca Raton

Cozen O'Connor established its Boca Raton office in September 2021 when attorneys from the boutique firms Morris Law Group and Elder Law Associates joined. Our Boca Raton attorneys have a strong background in all aspects of the Private Client, Trusts and Estates practice, including estate and tax planning for high net worth individuals and multi-generational family offices, succession planning, wills and estates, business structuring and asset preservation, domestic and international tax planning, and charitable giving. The attorneys in the firm's Boca Raton office are also experienced in special needs and elder law, including fiduciary and guardianship litigation, nursing home residents' rights litigation, and advance directives.
